Measure, Appointment or Topic: SB1076

I am writing to express my strong support for SB 1076, which would establish necessary regulations for dog and cat breeders in Oregon. This legislation is essential for ensuring the humane treatment of animals and holding irresponsible breeders accountable for unethical practices. For too long, the lack of oversight has allowed inhumane breeding conditions to persist, leading to overcrowding in shelters, poor animal health, and heartbreaking cases of neglect. SB 1076 will set clear standards for breeding operations, improve transparency, and help prevent the suffering of countless animals. As an animal advocate, I believe this bill is a critical step toward promoting responsible breeding practices and protecting companion animals from mistreatment. I urge the committee to pass SB 1076 and take a stand for the well-being of Oregon's pets.
