Private investments are dangerous to the PERS bottom line. And they are especially dangerous when they make up SIXTY percent of PERS funds! If the state treasury isn't going to follow its own guidelines or OIC policies, it needs to be checked. We need SB 681 to ensure prudent management of taxpayer money. Plus, we need to invest wisely for the sake of the environment and all the secrecy around private investment makes that extra difficult. Vote yes on SB 681.
