

Submitter: Andrea Hills

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB703

Hello,

Please record my support in favor of SB 703, providing funding to support non-profit legal services that help undocumented and documented Oregon immigrants access the legal advice they need to improve their status and stabilize their lives. During this perilous time in our federal government, we need to protect those people who are part of the fabric of Oregon's communities, working and contributing to these communities in so many ways. I can't imagine people I know and work with being ripped from my community because they did not have access to legal services. We must protect Oregon communities and people!

Thank you,
Andrea Hills
