I submit that all Veterans who are retired or receiving pensions receive exemption from their taxes for said retirement/pension pay. Service members without question have earned this type of exemption for making the choice to leave the comforts of home and freedom and continually put their lives on the line for freedom to remain in the United States. It's truly a small thing to ask for in Lou of the greater sacrifice of a service member who served the length of time to be able to receive a retirement from said respective military service.
