I strongly oppose taking away my second amendment rights and thus this bill. There are no requirements that I get a permit to voice my opinion. There is no requirement to get a permit to associate. The second amendment is a right. This infringes on it. Will there be fees and permits required to exercise my 1st amendment rights? What about all my other rights? Permits required for those? Permits for kitchen utensils? Permits for matches? Permits for chainsaws? Permits for weed killers? Permits for bleach? All of the above can be used by people to kill or commit suicide. Where does it end? I strongly oppose this bill. Criminals do not follow the law. People who kill others do not follow the law. Murder is against the law. This bill only makes it harder for honest people to follow the law and makes them criminals. Soon no one will be able to follow all the laws. At what point do we just say "why follow any of the laws?" We have to have "buy in" for people to follow and cooperate. Permits to purchase don't work and won't work. Vote this down. Thanks!
