Measure, Appointment or Topic: SB5516

As a mother of two kids in Portland Public Schools, I ask that you please support this bill to further increase education funding in our state. Education has been consistently under-funded in Oregon, and school districts are going to have to make further cuts next year if the education budget is not increased from what Gov. Kotek is proposing. That means larger class sizes, fewer critical support staff, and fewer vitally important enrichment programs. Our kids deserve better!
Thank you for all that you do.
