Committee: Senate Committee On Human Services

Measure, Appointment or Topic: SB611

Food is a basic human need, and no one in our community should go hungry simply because of where they were born. The Food for All Oregonians program ensures that every Oregonian - regardless of immigration status - has access to the food they need to thrive. By expanding food assistance to those currently excluded, we are strengthening families, supporting local economies, and fostering a healthier, more inclusive Oregon. I fully support this program and so should you.
