

Submitter: Ellen Nieminen

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1051

No one should be in charge of any dept or agency without a skill set matched to the job. knowing little or nothing about the forests except trees live there isn't a recommendation for a manager. Governors have no expertise in this matter. An appointed beauracrat with no experience is not acceptable appointee. This isn't a job that is an on the job training level.
