Protect Local Healthcare – Oppose SB 1000

Bay Area Hospital needs real solutions, but SB 1000 is not one of them. By the time these funds arrive, the hospital is likely to be leased—or even sold—to Quorum Health, turning this into nothing more than a payout for out-of-state investors instead of meaningful help for our community.

There's a better way. UFCW's Shared Responsibility Plan ensures that Oregonians—not corporate executives—remain in control of our healthcare future. It's a plan designed to keep decision-making local and accountable.

I urge you to oppose SB 1000 and support solutions that truly prioritize Coos County's healthcare needs.
