

Submitter: Deanna Cintas

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1120

We must address the problems at Oregon's only women's prison, Coffee Creek Correctional Facility. From retaliation against incarcerated people reporting sexual violence, to the abuse of solitary confinement, to mismanagement of people dealing with suicidal thoughts, the GIPA report made clear how bad things are at Coffee Creek. We need more policies to make sure folks incarcerated are gender-responsive, trauma-informed, and overall respectful.
