I oppose this bill because it punishes all breeders alike. Some breeders follow their Creations throughout their lifetime. Some of them dump them all off at Walmart.

The entire Rescue Shelter situation has now become a for-profit business importing animals from other countries and importing new and worse types of disease in the name of rescue.

Good breeders operated on net loss. We do this because we love it and we want to create better and better animals. We're not doing it for the money believe me. There is none.

You'd be better off trying to regulate human reproduction and getting rid of horrible parents that produce serial killers and chronic lawbreakers because of the misery of their childhoods. You want to regulate for that I will vote for it. Not for the animals. Go for individuals not a blanket coverage.
