Wildfire
Measure, Appointment or Topic: SB1076

I am against this bill. Overpopulation of dogs is created by rescues bring dogs from out of state on a regular basis.

Reputable breeders required all pups returned (their entire life) if at anytime the owner can no longer care for them, so these animals do not end up in any facility.

I occasionally breed so my line of dogs continue (40 + years). People should be able to purchase a specific breed if they want. If they are not produced in Oregon people will still get the pup they want from a different state and this will creat more dogs in facilities as pup owners will not send them back to a different state.
