

Submitter: Phoenix Chambers

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure, Appointment or Topic: HB5006

My name is Phoenix and I am writing in support of HB5006. I work at the Oregon Center for Career

Development supporting Oregon's child care workforce, and I have seen how much our program supports childcare workers across the entire state. The approval of HB5006 will ensure that our programs are able to continue supporting this vital group of care providers and growing it through HB3008.

Allocating funding to the child care workforce supports and expands every industry in Oregon.
