

Submitter: George Roth
On Behalf Of: myself
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB681

Our environment is critical for sustaining or eliminating life on our planet.
Climate change is real, no matter the causes.
I believe the science is clear and human activity is a primary cause of the change.
We have control of the human component - we must act!
Please support this bill to help reduce green house gasses causing the negative changes.
Thanks
