Measure, Appointment or Topic: HB3076

Please stop with this BS. This is a direct infringement on our rights. There is absolutely no way to explain why this law was introduced other than you are trying to disarm or turn law-abiding citizens into felons. Not a single damn person who is willing to commit a violent crime is going to give a passing thought to whatever requirements you impose on us for purchasing a firearm. At least have the balls to stop pretending this is for public safety or anything other than what it is - which an attempt to disarm the public.
