

Submitter:

Cliff Multanen

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3076

This bill is a waste of money. It is designed to hurt small businesses and erode our 2nd amendment rights. We already have numerous laws that make it illegal to use a firearm in a manner that hurt or kill people. The firearm is not the problem, the people that operate them in an illegal manner are the problem. Pass laws that will actually solve a problem, not create more.
