Measure, Appointment or Topic: HB3076

It is a substantiated fact that gun dealers have been essentially unregulated in Oregon and with the current political climate , the ATF will not provide any remedies. It is time if not past time that Oregon protects it's own citizens from the homicides, suicides and gun violence rates that are absolutely correlated with lack of regulation in this industry. Please advance this bill to regulate the gun dealers that violate the principles of. responsible gun ownership. This effort is not about gun control but about identifying those who choose to inflict harm with illegal gun sales.

Thank you for your time and service.
