Measure, Appointment or
Topic: SB1153

Dear Senate Natural Resources and Wildfire Committee,

I support Senate Bill 1153. I will provide protection for our streams. By ensuring the state doesn't grant permission for voluntary water right changes that further harm fish habitat and water quality, it will keep our streams flowing and safe for fish and other organisms to thrive. I support Senate Bill 1153 to safeguard fish habitat and water quality in water right transfers.

Thank you for your time.
