Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB703

I oppose SB 703. There are no controls to this measure and bills like this are money-laundering schemes. This is also not the way hard-working Oregonians want their tax dollars spent.

Non-citizens must know our country by taking classes in civics, study of the Constitution and our Bill of Rights. They are NON-CITIZENS and must earn their citizenship, not have it handed it freely by some NGO without learning what our country and state is all about.

Please vote NO on this bill.

Thanks,

Jayne Simmons
