Dear Committee members,

Thank you for your stewardship in such a time of political upheaval. As a acupuncture provider who serves medically marginalized community members in NE Portland, I want to express my support for continued Medicaid coverage. Most of our clients are covered by OHP, and their ability to receive non-pharmacological pain relief through Medicaid has been a tremendous benefit to them. I encourage you to continue down the path of protecting and increasing coverage for all Oregonians, including cost-effective and research-backed low technology interventions like acupuncture, physical therapy, and massage.

Thank you.

Sincerely,
Adrianna Locke
