I am a constituent from Portland, I voted for you and I absolutely oppose your attempt to take control of our forests. This is not a good plan for Oregon Forests. They are a local and national treasure and should be protected from further deforestation from the likes of Weyerhaeuser and especially the TimberUnity people. The Forest Service has done a fine job maintaining our forests, you know nothing about it.

I spend every single weekend in the forests of Oregon hiking and foraging, it is a deeply special place for me. I have formed a community of like-minded people because of my love and respect of the forest. Public forested areas are crucial to our environment and wellbeing as humans. Old-growth forests are even more crucial and should be protected at all costs.
