I have spent most of my life volunteering at wildlife centers, including wildlife rescue and rehab facilities. 10 years now at Cascades Raptor Center and now at Chintimini Wildlife. The Cascades Raptor Center is only licensed for raptors. There are no other facilities in Central Oregon that does this critical work for the majority of other native fauna as well as raptors.

There is a great amount of work that needs to be done, for which I'm one of the volunteers to do the work. Please back this bill. It is vital for the continuance of this wonderful organization.

Thank you
