This is a step in the right direction! My question is what seniors qualify? What age? Property tax needs to be eliminated altogether but this would at least help a portion of society as long as that property tax doesn't roll over to the rest of homeowners. Our state has more than enough money that it is high time the government be required to be fiscally responsible and use the funds appropriately. No more tax increases, rather, taxes need to be drastically reduced! People are continuing to leave this state because we are being taxed to death. Thank you.
