

Submitter: Beth Hartwell

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3932

Beavers bring health and healing to our waterways in Oregon, a state that makes the right choices for life and living. The Oregon Way. Caring for each other, all species, and the land we inhabit, are the most important actions we can take, the things we can touch. Thank you for doing right!
