Legislators, you have alot to think about for this vote. We the people do not want this bill nor need it. Do something good for the people of our state for a change. I will be voting red entirely in the primary. All you demoRATS are absofrickinlutely insane these days. Not the same state I grew up in. We will keep voting, and red it will be. Yall have really driven this state into the ground and you know it. Can't be denied. You suck!
