Measure, Appointment or Topic: SB301

My family & I are Wilsonville residents and active river users since moving here since 2001. SB301 restores equal river use rights and equality that was restricted in 2022. Newberg Pool is a public water way, and this measure restores safe boating practices so that it's open and available for boating recreational users. It's the right thing to do. Currently, the boating requirements in the Newberg Pool are so restrictive, that most boating recreation users can't participate, and essentially closing the river to most boat owners. This measure is a good step in restoring what was discriminated restrictions against boating recreationalists....
