Committee: House Committee On Climate, Energy, and
Environment
Measure, Appointment or
Topic: HB3932

I am writing to support this bill. I am a third generation Oregonian, and I know what makes this place special. It is not data centers or corporate profits. It is the outdoors and Oregonians' care for this special place. Beavers are not just an iconic symbol of this place. They are an integral part of the ecosystems in which they belong. They help us. Please take this opportunity to help them, and us, by supporting this bill.

Thank you,
Kaye McDonald
