

Submitter: Shannon Ashford

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I oppose this and any bill that goes against our God given rights. Those in a position of authority need to realize that while they are in control/power now that will not always be the case and if/when the roles are reversed the opposing party may just come after your rights! Instead of penalizing law abiding citizens make the penalties harsher for those that break the law.
