

Submitter: mary becker

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3932

HB 3932

I urge you to support this measure. I volunteer at many environmental and wildlife agencies. I know that beavers are so important to our rivers and other wildlife in the chain.

Please please support this measure and give our beavers a fighting chance to live, survive and thrive. We all win!

Thank you,

Mary Becker

Bend resident for over 35 years.
