

Submitter: Tim Allen

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB75

Apparently you need to define a WUI to receive federal funding. While I am opposed to that on its own, what I really oppose is using that excuse to put additional restrictions on rural land owners. Please vote no, rural landowners are already burdened with far too much legislation from the State. Just like a business can't grow and thrive with too much complexity and policy, neither can rural economies. Give us the freedom to grow and thrive, vote no on SB75.
