Committee: Joint Committee On Ways and Means Subcommittee
On Public Safety

Measure, Appointment or Topic: SB5533

Senators,

I would like to take this opportunity to encourage you all to support SB 5533. This bill is imperative to not only continue to keep current operations functioning within the organization, but to ensure that the Oregon National Guard is able to maintain its readiness and strength to continue to serve the Governor, Oregon residents, and the U.S., if called upon. Thank you for supporting SB5533 which is required to maintain the many services that the Oregon National Guard has provided and will be able to provide in the future.
