

Submitter: Katie Geiser

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3932

More than 2/3rd of surveyed waterways in Oregon (106,390 miles) are currently classified as "impaired." Scientific evidence shows that beaver dam complexes can address most of these water quality issues. Please support Bill 3932 and close hunting and trapping of beavers on waterways on public lands that are deemed impaired by the DEQ.

Thank you.
