Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I am opposed to all of the following bills. 696, 697, 698, 429 and SB 243. This is an infringement on my second amendment rights. It doesn't matter what bills you put in place, the bad guys will still get guns and magazines. All you are doing is hurting the people who are legal and use their guns for enjoyment, hunting, and protection. We live out in the country, and it is hard for the county sheriff's cover the large areas, so we need to be able to protect ourselves. These will also put a strain on the state, county and local police who are already get their budgets cut every year and don't have enough resources now to deal with crimes.
