Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB110

I do not support a bond to build a baseball stadium in Portland with public funds. Team owners looking to build or revamp big league sports stadiums often seek public funds in the hundreds of millions of dollars. But research conducted over decades indicates these investments almost never lead to massive economic gains for host cities. Read more about it here: <https://journalistsresource.org/economics/sports-stadium-public-financing/>

It is imperative to not cost taxpayers more money when those who want this have the financial resources to make it happen on their own.

Vote NO on this proposal.
