If you own your property there should be no property tax!!!!

Seniors cannot afford to pay property tax!

We must open our Forrest to timber harvesting and reopen our mills in Oregon!

Who destroyed our forest industry?

We had reasonable property taxes!

Our property taxes doubled this last year! We no longer own our own property! We are being taxed to death!!!

Stop this insanity and make Oregon great again by opening up our Forrest to harvesting lumber.

Dave out Forrest! They are now burning up and costing us millions to fight fires!!!!

This is insanity!!!

Our Forrest were once open, clean and a resource to our community not a fire hazard and liability!!!

We must once again partial cut our forests!!!
