Taxpayers Association of Oregon on study bill SB 110

If the State of Oregon wishes to "study" income taxes ...

**... we first recommend that Oregon "study" how
income taxes are misspent**

- \$28 billion unsustainable PERS pension debt
- \$1.1 billion ODOT accidental over-spend
- \$2.8 billion accounting errors identified by auditors

Oregon has the highest income tax in the nation for average middle class families. They do not need to pay more. Our government needs to waste less -- as in waste billions less.
