

Submitter: Chad Elliott

On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment or Topic: HB3062

I oppose this measure. We already have safeguards in place. Oregon is already much harder to develop projects in when compared to most other states. This measure will be bad for constituents as it will impact both large and small businesses and increase costs through the added cost to develop all properties.

We need our representatives to help make Oregon a better place to do business and invest in, not worse. Please do your part to help.
