Response
Measure, Appointment or Topic: HB3197

Please do not tax our beer, wine or cider. Oregon small businesses cannot afford another tax on good we sell in our retail stores or restaurants and Bars. Our business has over 100 staff members and it's financially tight enough already with all of the taxes and fees we currently pay. Please don't add yet another tax on our businesses. There are already enough taxes on beer and wine. Try eliminating some waste in other areas. Just don't add more taxes on consumers and businesses. Shame on whoever just wants to tax and spend more on the backs of consumers.

Thank you
