Hello Legislators,

My name is Lynn Kampfer, I am a rancher in Linn County. Over my 60 plus years of owning and managing land here in South Linn County I have worked so hard to follow all of our land use requirements. I am writing today to support the measure that will require energy siting to at least consider alternate sites. The way it is now is too fast, too unregulated with a committee and not our elected representatives having to decide on where to put a mega power facility only based on one site. Thank you for your time and consideration of this important change to current regulations.
