

Submitter: Colin Meskell

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB301

I am writing to oppose SB301 which is an attempt to rollback safety and environmental measures passed by this legislature under SB1589 (2022). This rollback is couched under a boating safety study proposal, with a backdoor amendment to change the existing law. I oppose this measure and the shady attempt to hide the real purpose behind this proposal.
