I am strongly opposed to SB243. I'm appalled by all the legislators that support this unconstitutional bill even though you all swear to uphold the constitution. This legislation only makes criminals of otherwise law abiding citizens. There have already been federal appellate courts that have found other laws that mirror parts of this legislation as unconstitutional. The very fact that this body would continue to push known unconstitutional legislation is disturbing to say the least. I suggest enforcing the laws on the books currently rather than enacting more legislation that will not be followed by criminals.

This legislation also places undue burdens on anyone outside of the willamette valley who desires to challenge it within the courts. This is nothing more than veiled judge shopping. Respect the rights of ALL Oregonians not just those you align with.
