To: Karly Lefferts <klefferts@pps.net>

With the short falls in funding across Oregon, providing adequate and reliable school funding is the ethical, moral, and contractual obligation of our legislature.

It is NOT contemplating funding a multi-million dollar professional baseball team providing temporary minimum wage jobs to the uneducated uninsured underserved populous the legislature would create by choosing baseball OVER education.

Fund LEARNING NOT baseball LEAGUES.

If the money is around for contemplating a multi-year multi-million dollar professional baseball franchise and stadium then the money is around to fund a multi-year multi-million dollar stable educational infrastructure.

Do the right thing and FUND SCHOOLS NOT baseball FIELDS.

Emphatically in Service to Students and Schools,

Karly N.Lefferts
