

Submitter: Kendal Pelton

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I oppose any regulation that sets the state in governance of regulating firearms. Oregon has yet to show a government agency that can be non bias, fiscally appropriate, not infringe on others rights, not cost tax payers a fortune, and not have data leaks regularly. We already have the most stringent laws in the country and the State police need to be catching criminals so they can be prosecuted per our current laws.
