

Submitter:

Adam Braatz

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB243

I strongly oppose this. It's a violation of the constitutional rights of American citizens and Oregonians alike. Oregon does not have the funding available nor should it be spending taxpayers dollars in ways that violate their constitutional rights. It seems like there are out-of-state interest groups, who are trying to push this on Oregonians by using our elected officials to go against the will of the people of this state.
