

Submitter: Josh Tacchini
On Behalf Of: -4 amendment
Committee: House Committee On Housing and Homelessness
Measure, Appointment or Topic: HB2138

Our community and neighborhood has been negatively impacted by the loss of our locally adopted housing policies. Our community planning for land development, utility expansion, and traffic management continues to be under assault by overbearing statewide regulations. Unless the state is prepared to pour hundreds of millions of dollars into communities to upgrade utilities, roadways, with additional police and fire departments, then the state needs to return local control of land use planning to our cities and towns.
