

Submitter: Elyse Shoop  
On Behalf Of:  
Committee: Joint Committee On Ways and Means  
Measure, Appointment or Topic: HB5006

My name is Elyse Shoop. I am retired, living on the Coast. Oregon has such an abundance of beauty and natural resources. We have been working together to address Climate concerns. I urge you to maintain the necessary funding to ensure agencies are adequately resourced to effectively implement existing climate programs and policies, including our Climate Protection Program and 100% Clean Energy law. While it is wise to anticipate changes that are being made, it is unwise to panic and pull funding in anticipation of the chaos being generated at the federal level. We need to keep a clear view of what we want our state to represent. And we need to go out of our way to protect those less fortunate.

Thank you, Elyse A Shoop
