

Submitter: Tiffany Johnson

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Let's get rid of any and all allegations of fraud in this state by requiring in-person, paper ballots, with ID required. ID is required for many, many things...travel, certain events, liquor, etc. If the democratic legislature feels there is no fraud (as has been brought up countless times in the past), then our democratic legislature will have NO problem being bipartisan on this bill to get it passed. Please vote YES in support of this bill to bring back in-person and get rid of mail-in ballots.
