

Submitter: Joseph Rethwill

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

this bill will not stop bad people from getting guns at all! this hurt us law-abiding citizens more than anything! i do not agree with this at all. this is against our Second Amendment! it's our right to bear arms. leave our rights alone put this energy to where it matters. like black market not our stores and taxes payers. they will send out kids 18 and older to war but when come home they can't have guns makes no sense.
