

Submitter: Annie Ames

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

You should be ashamed of yourselves wasting our time and tax dollars on this garbage. It will do nothing to prevent crime and is clearly an assault on our constitutional. It will only waste more and more time on its way to the Supreme Court. Enforce our current laws and be tough on all crime, that is what the taxpayers support.

Honor your oath and vote this garbage down.
