On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote-by-mail MUST remain the primary method of voting in Oregon, do NOT default to in-person voting. In-person voting introduces barriers that negatively impact so many people in our community, with the express purpose of undermining democracy by making it difficult-to-impossible for them to vote. Only cowards who fear free elections will attempt to weaken vote-by-mail by passing this bill.
